

Tarmin Technologies Appoints Frederick A. Cary to Chairmanship

Industry veteran Frederick Cary to oversee Tarmin's investment, corporate development and growth strategy.

London, UK ([PRWeb](#)) November 14, 2006 -- [Tarmin Technologies, Ltd.](#), developer of advanced information management solutions, announced today that it has appointed Frederick Cary to the position of Chairman of the Board.

With a track record spanning nearly three decades, Mr. Cary brings a wealth of experience to Tarmin. Throughout his career, Cary has distinguished himself by accelerating startup companies, attracting investment capital, and creating shareholder value through the merger and acquisition process and public offerings. Experienced in high technology, Cary most recently served as President and CEO of Imagine Communications, Inc. -- a venture-backed company.

Commenting on his appointment, Mr. Cary stated, "Tarmin is facing a sizeable market opportunity. The demand for an archive information management that delivers virtually unlimited online scalability with secure access and the highest levels of availability and reliability -- all at a cost effective price, has never been greater."

"As we continue to endeavor to develop and deliver technology to meet these customer requirements," noted Tarmin founder and CEO, Shahbaz Ali, "Fred's extensive experience in startups, growth and company management in both public and private organizations will be a tremendous asset for Tarmin. His overall track record; CEO of a public company, extensive ties to the venture capital community, and ten plus years as an attorney specializing in startups, it all speaks for itself."

Notes for Editors

About Frederick Cary

Frederick A. Cary is a senior executive with over 25 years of experience in company leadership. In his most recent positions, Mr. Cary served as CEO of Imagine Communications, a venture-funded technology company. Prior to that he was CEO of Path 1 Network Technologies, where he led the company's initial public offering. Mr. Cary was also CEO of 3rd Pipe Communications, and The Boxlot Company, acquired by InfoSpace, Inc. (NASDAQ - INSP). Mr. Cary received his MBA, with honors, from the University of Liverpool, and his Juris Doctorate from Thomas Jefferson law school.
